

## How to Gain Admission to Delta View?

Access to funded beds is managed by the Fraser Health Authority Case Manager.

The B.C. Ministry of Health subsidizes the fee (per diem) for care at DVLEC if the client is financially eligible. Residents are required to pay a portion of that rate established by the Fraser Health Authority Case Manager.

Contact **Fraser South Central Intake** by calling **604-953-4965** Monday to Friday from 8:00am-4:00pm and saying "Reception".

A Fraser Health Case Manager will refer you to someone who will conduct a financial assessment on your loved-one. If your loved-one is eligible, they will be placed on a funded bed wait list.

The wait list can range from 3-5 years and is operated under the First Available bed policy in a facility of choice.

You will have to rank your facility choices and accept the first available bed that opens in one of those facilities in order to take advantage of the funded bed.

Arrangements for Private Pay beds can be made through contacting the Admissions Assistant and DVLEC Administration directly.

## What Sets Delta View Apart from Other Long Term Care Facilities?

Delta View is a facility which provides residents with first, the luxury of the highest standard of care but also with the luxury of luxury.

While Delta View is built and equipped to function as a sub-acute residential care facility, absolutely nothing about it says “institution”. Everything about it says comfort, elegance and home.

While Delta View is built and equipped to function as a sub-acute residential care facility, absolutely nothing about it says “institution”. Everything about it says comfort, elegance and home. Delta View Life Enrichment Centres has been designed to provide the community of Delta and Metro Vancouver with a state of the art, multilevel care facility providing services such as rehabilitation, peritoneal dialysis, complex care, sub-acute care and palliative care.

Delta View Life Enrichment Centre was opened in 2004 and was built to resemble a two story farm house set in the countryside.

Delta View strives for restorative, gentle care that enables our residents to live full, rich lives within their abilities.

### VISION

For more than 2 decades, Delta View has maintained a no restraint policy within our facilities. We have also maintained a “Hugs, not drugs” policy. We focus on adjusting the organizational environment in which the resident must operate, then develop a supportive living space to accommodate the resident in their current functional stage.

This helps to avoid challenging residents to adapt or perform in ways that are no longer possible.

### MISSION

To provide safe, gentle, effective and timely care in surroundings which reflect the excellence for which we strive in every aspect of our facility and its operations.

### PHILOSOPHY—Gentle Care®

For more than 2 decades, Delta View has maintained a no restraint policy within our facilities.

We focus on adjusting the organizational environment in which the resident must operate, then develop a supportive living space to accommodate the resident in their current functional stage.

This helps to avoid challenging residents to adapt or perform in ways that are no longer possible.
